SPAWAR Systems Center San Diego Awards Contract

SAN DIEGO — Photonic Systems Inc., of Billerica, Mass., is being awarded a \$4,924,050 contract with cost-plus-fixed-fee pricing for research and development of the Ultra-Wideband Multifunction Transmit/Receive Module (ULTRA-R/R) in support of the Defense Advanced Research Projects Agency. This nine-month contract contains two, fifteen-month options which, if exercised, will bring the cumulative value of this contract to \$22,453,103. Work will be performed at the contractor's facility in Billerica, Mass. The base period of performance is from September 30, 2004 through June 29, 2005. If all options are exercised work will continue through December 2007. Contract funds will not expire at the end of the current fiscal year. This contract was competitively procured through publication on the Federal Business Opportunities website (under a BAA solicitation N66001-03-X-6010) and the SPAWAR e-Commerce Central website. The Space and Naval Warfare Systems Center, San Diego, Calif., is the contracting activity (N66001-04-C-8045).
